Grace Hopper Celebration of Women in Computing	20/09–23/09	Orlando, USA + online
Ada Lovelace Festival	December	TBD

▶▶▶ **Win one of seven stipends (500 euros each) and attend a conference to connect with other female researchers.**

With this award, the collaborative research centers CROSSING and MAKI, the research training group Privacy & Trust, and the LOEWE center emergenCITY recognize exceptionally well performances of female students in computer science, electrical engineering, and information technology. The seven winners will be awarded a stipend of 500 euros and we want to encourage them to use the money to attend one of the listed conferences, which are focused on connecting female researchers in computer science and engineering, to take advantage of the excellent networking opportunities during these events.

Interested?

Please send your application (in German or English language) to the Gender Equality Office of TU Darmstadt until 2 June 2022.
E-mail address: genderconsulting@zv.tu-darmstadt.de

Apply with a letter of motivation, your CV, your personal performance summary (TUCaN-Leistungsspiegel), and a description of your connection or interest to the field of research of CROSSING, MAKI, RTG Privacy & Trust, or emergenCITY. Optionally, you can include, which conference you attended or plan to attend. Notifications will be sent out by the beginning of July and the online award ceremony will be on 14 July 2022. Please block this date.
